FLEAGLE IN OAKLAND BELIEF

SAN DIEGO, Sept. 28.—UP—Joe Miller, wanted by northern California officers as a suspect in the robbery of the bank at Pinedale at Rodeo was released by police here tonight.

It was decided that Miller established an alibi which freed him from suspicion of participating in the fatal shooting of Constable Arthur McDonald.

Miller claimed that he was at the rooming house where he lived on the day of the robbery, and his landlady supported his story. Miller said he knew Jake Fleagle, notorious bank robber, suspected of the crime, but said he never had been with Fleagle.

FLEAGLE BELIEVED SEEN IN OAKLAND

ALAMEDA, Sept. 28.—UP—Police of this city, Oakland, and San Francisco believed for a time late today that they had Jake Fleagle, notorious bandit, in a net.

L. S. Deraldson told authorities that he had been approached at Oakland airport by a man believed to have been Fleagle. The man, Deraldson said, asked concerning renting a plane.

Deraldson tried to detain him but the man entered an automobile and drove away.

Soon after, authorities received a report that a man resembling Fleagle was seen boarding a ferry for San Francisco.

San Francisco police met the ferry boat but found no passengers resembling the wanted man. Fleagle is believed to have been the bandit who entered the bank of Pinedale Thursday, shot and killed Constable Arthur McDonald and escaped with \$25,000.

TROOP NO. 5 FETES VETS

Troop No. 5 of Richmond Boy Scouts yesterday entertained disabled veterans at the Mare Island naval hospital with a clever minstrel show.

The show was presented in the assembly hall of the hospital before a large group of veterans. Following the show, the boys were guests at dinner and were then taken on a tour of inspection of the navy yards.

E. J. Barnhart, Scoutmaster of the troop, was in charge of the boys who made the trip. They were: William McCloskey, Clarence Vaughn, James Mark, James Hall, William Scarborough, Irwin Ridley, Albert Cannon, Tom Toyota, Hal Glover and Robert Doran, the troop mascot.

Mrs. W. V. Keltz arranged the program.

The boys have been invited to return to the hospital next month and present another show.

Mrs. D. Edwards Called By Death

Mrs. Elizabeth Edwards, 77, a native of Wales died at the home of her daughter, Mrs. I. D. Owens at 118 North avenue last night.

Deceased lived here six years and in California 50 years. She was a life member of the W. C. T. U.

She leaves her husband, D. J. Edwards, a daughter, Mrs. Anna Owens and a son, David Edwards. Funeral arrangements are pending at the Wilson and Kretzer chapel.

Local Boys Live Week On 50 Cents

Two Richmond boys were returned home yesterday, after having spent a Robinson Crusoe experience at a cottage on the Russian river. While parents and police anxiously searched for the two lads, they were enjoying themselves at the cottage, which was owned by their parents, eating canned goods left in the pantry.

The two were discovered by Probation Officer W. A. Shulte of Santa Rosa, after a report had been received that two boys were seen in the cottage, which had been closed for the winter. He turned the two over to Contra Costa county officials, who in turn returned them to their homes here.

With 50 cents in their pockets, the two lads left home a week ago. They spent 32 cents for ferry fare and with the remaining 18 cents in their pockets they hiked to Monte Rio. Here they lived for a week, swimming, sleeping and eating without a trace of worry.

When Shulte arrived the last penny of the money had gone and the canned goods were about exhausted.

GEORGIA IN FLOOD GRIP

ATLANTA, Ga., Sept. 28.—(UP)—East Georgia, already flooded with a week of rain, faced a more extensive deluge tonight as the West Indian hurricane approached the Florida coast.

Already railroads have cancelled trains, and highways are impassable for many miles in all directions from Augusta, where water is deep in lower sections of the city.

Cotton throughout the section has been totally destroyed by the downpour.

But the eight inches of rain during the past 36 hours, common in the district, will be duplicated for several days, according to weather bureau forecasts. They say no relief can be expected until two or three days hence.

Residents in the large area extending across the eastern half of the state tonight had resigned all attempts to protect their homes and property, spending all efforts in moving the population to points of safety.

Damage, already estimated at many millions of dollars, will be doubled or tripled before the floods have subsided, according to weather bureau reports.

Five Killed In Auto Train Crash

WESTFIELD, N. J., Sept. 28.—UP—Five persons were killed tonight when the automobile in which they were riding was demolished by the fast Buffalo express of the Leigh Valley railroad. The accident occurred at a grade crossing.

Andrew Zallo of Westfield, driver of the car, was killed with two young men and two young girls, none of whom was immediately identified.

Ferry Passenger Rescued From Bay

MARTINEZ, Sept. 28.—James Thayer, a passenger on the Martinez-Benicia ferry Isaquah, was rescued from the waters at the Martinez slip yesterday afternoon a few minutes after he fell overboard. Deckhands of the boat made the rescue. Thayer, aside from a bad ducking, was uninjured. He was pulled to a landing alongside of the wharf.

SOCIAL WAR IN CAPITAL RENEWED

TOPEKA, Kan., Sept. 28.—(UP)—Dolly Curtis Gann today fired the first shot in the threatened renewal of her "social war" in Washington.

She began packing her baggage and announced she would return to the capital to participate in state fetes marking the visit of Premier Ramsay MacDonald.

Previously she had said she would be absent from Washington during the premier's visit, temporarily halting gossip of new difficulties surrounding her seating at diplomatic affairs as hostess to her brother, Vice-President Charles Curtis.

It was learned here today that Mrs. Gann is cancelling social engagements in Topeka and plans to leave for Washington next week. Originally it was understood she would remain in Kansas until after Oct. 9, when she was to attend a party in Kansas City.

But the Kansas City engagement also is understood to have been cancelled so Mrs. Gann may be in Washington a week earlier than expected.

Mrs. Gann said today she "probably would return to Washington next week," but declined to discuss the portents of her return to the capital.

Matrons Miffed

Some of the Topeka matrons are reported to be miffed over the way in which their functions. (Continued on Page 3)

MACDONALD TO WORK ON TRIP

With Premier MacDonald's Party, Aboard S. S. Berengaria, Sept. 28.—(UP)—Premier J. Ramsay MacDonald of Great Britain, bound for Washington on the greatest personal effort at international peace ever undertaken by a single statesman, spent his first day aboard ship resting and in preliminary social contacts.

The Socialist-Labor premier was in genial mood and in high hopes of a successful outcome to the undertaking. The party was somewhat fatigued after the excitement of departure, and a rather broken night aboard ship at the Southampton docks, but he planned to do much important work after getting settled down to ship routine.

When Lord Arnold, traveling with the premier's party unofficially as a British counterpart of Colonel House, told MacDonald this morning that he must get much rest during the voyage, the premier replied:

"That's all very well, but I have much work to get through."

AMERICAN BANKERS GATHER AT SAN FRANCISCO CONCLAVE

SAN FRANCISCO, Sept. 28.—(UP)—This city tonight opened its arms to the bankers of America. Every train, every steamship, every airplane, brought delegates to the annual convention of the American Bankers' association.

By Monday, when the convention formally opens, it is estimated that more than 3000 delegates, representing more than 90 per cent of the nation's banking resources, will be here.

Special Trains

First of the special trains bearing the Missouri and Kansas delegations, arrived tonight in arms to the bankers of America. Every train, every steamship, every airplane, brought delegates to the annual convention of the American Bankers' association.

'Miracle' Nun Mother Of Son

LADY DIANA DUFF COOPER, who played the part of the nun in "The Miracle," is the mother of a son born in London.

LINDY LANDS IN COLOMBIA

SANTA MARITA, Colombia, Sept. 28.—(UP)—(By Tropical Reporter) Charles A. Lindbergh, who took off from Maracaibo, Venezuela, at 2:32 p. m. today on his flight northward, landed at Barranquilla, Colombia, at 4:05 p. m. today.

LINDY WELCOMED BY GOVERNOR

WILLEMSTED Curacao, Sept. 28.—UP—Col. and Mrs. Charles A. Lindbergh, continuing their aerial tour along the northern coast of Venezuela, arrived here at 10 a. m. today from Maracaibo, Venezuela. They were accompanied by J. T. Trippe, president of Pan-American Airways, and Mrs. Trippe.

They were greeted by the Dutch governor and his wife and were escorted by high officials of the island to the governor's palace for a reception.

FLIER DIES IN CRASH

CORVALLIS, Ore., Omar Drury, 24, Seattle aviator, was killed here tonight when an airplane he was demonstrating over the local airport went into a tail spin and crashed.

LOCAL CHILD HAS NARROW ESCAPE

Elizabeth Carter, 15-month-old daughter of Mr. and Mrs. J. F. Carter, 419 Forty-third street, had a narrow escape from death recently when she fell face down into a water-filled fish pond at the W. C. Bryant home, 427 Forty-third street.

Presence of mind of Rebecca, 3-year-old sister of Elizabeth, probably saved the younger child's life. When Elizabeth fell into the pond, Rebecca immediately ran to get her mother, who had just left her work in the house to look for the children.

No one was at home at the Bryant place, and Mrs. Carter was forced to work alone to resuscitate the tot. Elizabeth was unconscious when removed from the pond and the mother immediately applied first aid treatment. After several minutes of work on the part of the mother, the child again started breathing naturally and was soon able to play about again, apparently unconscious of the narrow escape she had.

Elizabeth and Rebecca, however, are keeping far away from the fish pond in their play now. No longer will they be tempted to investigate what lurks behind the shrubbery which completely surrounds and practically conceals the pond.

SLAYER DIES IN PRISON

CANON CITY, Colo., Sept. 28.—(UP)—The man who was the principal in Denver's most sensational murder and whose act sent a millionaire's wife finally to a pauper's cot at Blackwell's island, New York, died in the Colorado state penitentiary today.

He was Harold Henwood, the favorite of the late Harold P. Henwood, Yonkers, N. Y., philanthropist.

Henwood, who killed Sylvester (Tony) Von Phil, St. Louis wire salesman and aeronaut, and Geo. F. Copeland, and crippled J. W. Atkinson, during a brawl in the bar-room at the Brown Palace hotel, May 24, 1911, was 52 years old. Death was due to "acute dilation of the heart," after an operation for removal of tonsils yesterday.

The fatal shooting followed a quarrel between Henwood and Von Phil over beautiful Isabel Patterson Springer, wife of John W. Springer, millionaire banker and sportsman. Henwood was found guilty of second degree murder, got a new trial, but at his second hearing a jury found him guilty of first degree murder, and he was sentenced to hang. His sentence was commuted to life imprisonment.

Henwood's bullet shattered the life of Mrs. Springer, sending her to a pauper's cot at Blackwell's island, and created a cloud of woe on many lives.

S. F. Girl Dies In 7 Story Leap

SAN FRANCISCO, Sept. 28.—(UP)—Identified by means of a key found in her purse, the girl who leaped to her death today from the roof of the seven-story Y. W. C. A. building proved to be Miss Catherine Kaffin, 22, private secretary of F. L. McArdle, attorney for the Southern Pacific.

At the home of the dead girl, her mother, prostrated from grief, could think of no reason for her daughter committing suicide.

S. F. Veterans Hold Reunion

SAN FRANCISCO, Sept. 28.—(UP)—Two thousand veterans of San Francisco's own 363rd regiment celebrated their eleventh reunion here tonight. The veterans, carrying the same flag they bore with them to the front in 1917, paraded down Market street today.

Balloons In Race Sighted

ALTON, Ill., Sept. 28.—UP—Several balloons in the Gordon Bennett international race were sighted at 8:20 tonight near West Alton, drifting at an altitude of less than 500 feet. West Alton is 20 miles north of St. Louis, starting point of the race today.

Flower Picker

TRADITIONAL provincial dress worn by the flower pickers of Grasse in the hills above Cannes on the French Riviera, where the scent-making industry is one of the most ancient in the world.

GOEBEL AIR RACE VICTOR

KANSAS CITY, Sept. 28.—(UP)—With an elapsed time of 12 hours and 16 minutes, Col. Art Goebel, Dole flight winner, took first place in the Mexico city to Kansas City international air derby. It was officially announced here today.

The four Mexican army pilots followed:

Col. Roberto Fierro, 14 hours, 28 minutes.

Capt. Luis Verdeja, 15:27.

Capt. Feliciano Flores, 20:09.

Capt. Carlos Roviera, 20:34.

First place in the event carries a \$3000 award, while second, third and fourth places win \$1000, \$500 and \$300.

Goebel's actual flying time was less than the official count but deductions were made because the lone American flier used a speedier ship.

6 Boys Hurt In Auto Crash

WOODLAND, Sept. 28.—(UP)—Six Oakland boys were injured, one seriously, near Esparto today in an automobile collision.

The youths were returning from a rabbit hunt when the accident occurred. They were brought to the local hospital.

Harry Stone, 14, was the most seriously injured. His skull was fractured and physicians said his condition was critical.

The injured lads were Robert Stewart, 13; Harry Olevera, Frank Stone, 18; Edward Olevera, 16, and Frank Motta, 14.

KEY WEST IN PATH OF GALE

MIAMI, Fla., Sept. 28.—UP—The tropical disturbance which hved off the Florida east coast for four days chose the southern end of the peninsula for its victim today.

Heavy winds which reached a velocity of 85 miles an hour at Homestead pounded the entire southern end of the state, extending as far north as west Palm Beach on the east coast and Tampa on the west. Barometers dropped rapidly throughout the affected area spreading terror among inhabitants of outlying sections. Many fled their homes for the safety of larger and stronger buildings in the cities.

Crops hit

It was remarkable that no loss of life was reported late today, and property damage, while heavy was not great in view of the fury of the storm. Fruits and citrus crops and shrubbery were among the chief losses.

Ten men were reported missing at the Marion county ferry on No. Man's Key. They had taken refuge in a shack during the storm over the Florida Keys, and nothing had been heard from them for several hours. The Marion county commissioners ordered a relief troop to the Key to ascertain their fate.

Key West, on the basis of weather bureau reports here, apparently was doomed to be incapable in the path of the disturbance. (Continued on Page 6)

FOX BUYS 62 NEW THEATRES

KANSAS CITY, Sept. 28.—UP—A \$4,000,000 theater deal, where by the Fox West Coast Theaters, Inc., bought the holdings of the Midland Theater and Realty Co., in Missouri, Kansas, and Iowa, was announced here today.

The sale includes eight motion picture houses in Kansas City and 54 others in Missouri, Kansas and Iowa.

Herbert Wolf, president of the Midland Theater and Realty Co., and M. B. Dhanberg, vice president and treasurer, negotiated the sale to Harold B. Franklin, president, and Howard Sheehan, vice president of the Fox theaters.

The new owners will take charge of their properties in 30 days.

Rodeo Shooting Delays Divorce

The death of Constable Arthur McDonald of Pinedale, shot by bandits during the robbery of the Rodeo bank, Thursday morning, will delay a divorce action filed by a prominent Hercules woman.

Suit for divorce against Henry A. Christy, charging him with cruelty, was filed by Mrs. Helen Christy and summons to appear in court for the suit had been handed to McDonald by Rodgers & Bray, of Martinez, attorneys for the plaintiff. The constable had the papers in his pocket when he went to Rodeo and they were found after his death.

Aged S. F. Woman Called By Death

SAN FRANCISCO, Sept. 28.—UP—Death today claimed Mrs. Sophie G. Pierce, 79, last surviving daughter of the late Capt. W. C. Talbot, lumber magnate. Mrs. Pierce had been ill for some time.

OUR OWN DAILY MAGAZINE PAGE

FABLES FOR THE FAIR

BY MARGUERITE MOOERS MARSHALL

Constancy, Thy Name Is Woman—Worse Luck!

"WHAT I want to suggest," one of our most intelligent and benevolently inclined male contributors writes, "is a column for girls who brood over a lost love."

"I know so many of them."

(Ed. Note: But do you mean that they continue to brood over a lost love after they know YOU? How can they show such poor taste? "This summer, at a resort, I saw a pretty girl who sighed continually. "On becoming acquainted with her (oh, yes, I know how), "I learned that about every other minute she thought of a chap she had loved and lost. "And she had lost him two years before. "And I could see that as time passed he would assume in her mind "Values and virtues that he never actually possessed. "And she would continue to suffer. "She had got herself into a rut of suffering. "And it would take an earthquake to get her out of it. "What a pity that so many girls sigh and long.

"When a little analyzing, a little rationalizing and a little will power "would make them happy, desirable maids."

Now, of course, the first thought occurring to the editor of this column—When she read the letter just quoted—Was that the girl may have been struggling along the sympathetic young man.

It's terrible, but girls do such things. And some of them believe—and experience seems to confirm their belief—that a secret sorrow, an aura of broken-heartedness, "Men are deceivers ever—to one thing constant never."

That anybody could remember an unhappy romance for two whole months—or weeks—

To say nothing of YEARS. Most men can't be acquitted, without the jury's leaving the box.

Of such long-distance loving! However, even though our first and second thoughts are often regretfully Tipton.

We can and do see the serious aspect of a subject, before we look with it. And, all joking aside, we do agree with our correspondent.

That many girls are suffering from ingrowing and excessive sentimentality. And that if they would "snap out of it," both they and the world would be better off.

Over in New England, where we grew up, there is an expressive vernacular phrase "To enjoy poor health."

And some certainly do! They dramatize and aggrandize every ache and pain and imaginary symptom.

They do it, however unconsciously, because they like to occupy the center of the stage.

They get a kick out of being pitied and sympathized with and exclaimed over.

You see, if anybody asks how you are, and you answer, "Fine!"

Well, that's all there is to answer, you can't very well expand or go into details.

But if, on the other hand, you sigh and say, "No, my dear!"

Your polite interrogator is almost bound to come back, "I'm so sorry—what is the matter?"

Then you can describe your bad nights, your heart flutterings, your mysterious twinges, your struggles with food.

You can, in short, make of yourself a highly pathetic figure.

The sandwich supper permits the lady of the house to dispense eleven-hour hospitality with a lavish hand.

With plenty of bread and butter in that can be mixed quickly from the emergency shelf materials, she cares not how many friends the gentleman of the house asks in for chum and conversation on the spur of the moment.

Hot coffee, tea or chocolate, and the assortment of sandwiches constitute one course and something more.

Modern bakers' answer to the housewife's plea for a sandwich foundation, spread with creamed butter, the loaf may be sliced as thin as the most finicky taste demands.

Of course, the bread knife should be razor-edged to cut perfect slices of thin buttered bread. For oven-faced sandwiches the bread is cut only moderately thin.

From the small jars and tins stored on the emergency shelf and the greens crisping in the refrigerator some tasty fillings are speedily evolved for the waiting crowd.

MEAT SANDWICHES One-half cup ground or broken nuts Two tablespoons mayonnaise

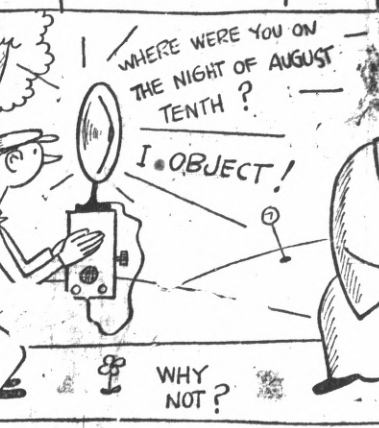

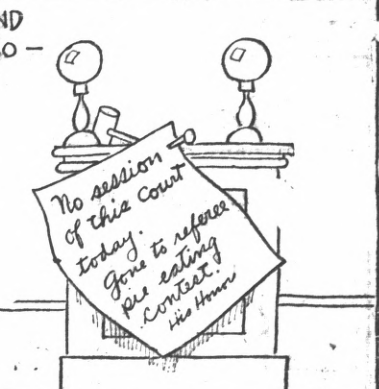

SHRIMP SANDWICHES Three-fourths cup canned shrimps Two tablespoons mayonnaise One tablespoon chopped celery One-half teaspoon minced chives or onion Six slices of buttered white bread

Sweet pickles for garnishment. Chop the shrimps, which have been drained and looked over, rather coarsely and mix with the mayonnaise, chopped celery and minced onion or chives; season to taste and spread upon buttered bread, cut round with a biscuit cutter. Garnish these open-faced rounds with sweet pickles circles.

OLIVE SANDWICHES One-third cup minced ripe olives Two tablespoons minced pimientos Two tablespoons mayonnaise One tablespoon minced celery Six slices buttered bread Mix the minced olives, pimientos and celery with the mayonnaise and season if desired. Spread upon the buttered bread; then cut each slice into four parts and serve these small open-faced squares garnished with pickled onions. These quantities may be increased at will.

Pleasure Before Business

By Haenigsen

The World's Window

By Pierre Van Paassen

PARIS, September.

Influence of Woman Has woman changed in essence and character, or does she stand where she did, say, five or ten thousand years ago? So asks a writer in a London journal.

The fact that her clothes vary slightly from decade to decade, or that she shows her knees or cuts her hair, or drives a motorcar, attends board meetings and is interested in dividends is no proof of real progress, he adds.

Until she has brought forth a change either in ideals or control of the mental forces that make up what we are, it is questionable whether her progress can be admitted.

Woman, in extending the range of her activities, may discover how far material things are really material and at what points spiritual forces begin.

She has it in her power to remould this world nearer to perfection. Just what is perfection is the real problem. Woman may discover new laws relating to the reaction of our mental forces.

If she does this, and, in so doing, rids us of some terrors and tyrannies, and provides us with new delights and freedoms, she will have added another jewel to her crown.

And if she, through her influence, can banish forever the spectre of war and usher in real peace on earth, as Ferdinand Corcos believes she can, in his recent masterpiece, she will have accomplished a greater thing than man.

Time Is Money Sir Basil Zaharoff, Europe's mystery man who has never been interviewed, said to an English journalist recently who came to ask him for a fifteen-minute interview, that it would cost him paper, \$1,800,000. In other words, Sir Basil values his time at \$120,000 a minute.

Time certainly is money with this man, who carries decorations from thirty-two different Governments, including the highest grade in the Legion of Honor. It wasn't ever thus. His first job was as an interpreter and hotel guide. In this way the young Greek picked up the many languages that were to stand him in such good stead later.

After several years as a guide, his uncle, a clothing merchant, took him into partnership. During four years Sir Basil directed the affairs of a humble clothing shop. Then he went to London. From London dates the beginning of his steady rise in the world of affairs. He had more to do with the making and unmaking of Kings and countries than any man living, it is said, as the greatest munition manufacturer in the world.

His home in Paris on Avenue Hoche and the villa at Monte Carlo, where he resides part of the time, are both places of mystery.

Paris Illusions It was hitherto thought that the audiences in the Folies Bergeres, the Moulin Rouge and such places in Paris were chiefly composed of Americans and English. But the truth is, says one of the managers, that 99 per cent. of the spectators are honest, going to the Babilas, the Babilas, Lyons and other provincial centres. English and American troupes always appear as decently dressed in Paris as in Birmingham or Boston. The contrast lends them charm. There is not a revue in Paris that could not have been done better by Cochran or Ziegfeld. The stage management is casual; accidental "waits" are frequent, and if a drop curtain sticks nobody apol-

The Figure-Fitting Color Contrasts Coat

Unusual

THE topcoat of tweed or a similar woolen has turned slightly away from the prevailing swag-

ger type to a modification of the fitted silhouette. Not only is the waistline pinched in but the shoulders are narrower and the sleeves set rather high, with a startlingly different effect.

To add to its smart new air a scarf is worn cravat style inside the lapel collar of the coat.

Should the figure type seem too much of an innovation the tweed topcoat cut on straight slim lines with patch pockets is very clever and youthful, its waistline merely hinted in the curve of the side seams.

With this is worn a fur scarf, preferably in lapin. Either the pert beret in its latest version or the tweed cap of Agnes inspiration completes a costume for the collegiate.

A Good Clothes Drier IN NEARLY all homes it is a convenience to have a clothes drier in the kitchen. Probably the most satisfactory clothes drying rack on the market now is one that is suspended from the ceiling.

This, of course is a space saver and keeps the articles to be dried out of the way so there need be no ducking of heads.

The apparatus is just a light weight frame that is fastened to the ceiling and may readily be lowered to hang the garments on the rack and then it is easily raised to a convenient height.

As warm air rises, clothes hung on these racks dry more rapidly than when hung on lines or the usual collapsible drying racks.

Hair Over Ear Makes Woman Appear Younger By Marguerite Barnes

MEANTIME there is the office, with its daisies of the Really Important Things of Life like the long skirt. Frocks for business wear will be longer. Three to four inches below the knee is considered a good length, and of course they will feature the waistline and the circular skirt.

TELLING THE WORLD By Neal O'Hara

Copyright Press Publishing Company (New York World) 1929

WASHINGTON SOCIETY NOTES OFFICIAL Washington's social season busts loose shortly. The Mrs. Gann-Alice Longworth row goes into its second phase. This year they expect to get the fight down to a business basis.

Last spring, when Prince Whorl of Somewhere or Other, was being entertained, the big battle was expected to take place. But Mrs. Gann went back to Kansas for a visit, leaving Alice to grab the best seat at the table.

Next Oct. 4 Ramsey MacDonald is due here from England and a big state dinner will be thrown. The Battle of the Century surely seemed carded, but now Nick and Alice have gone back to Cincinnati for a month, leaving Mrs. Gann to cop the prize seat. With one of the contenders always hopping out of town, so far the only winner of the conflict is the Pennsylvania Railroad.

It looks as if the Gann-Longworth fracas would be settled by adopting big league rules. The following tentative schedule has been drawn up for the coming season:

Oct. 6—Hoover's official state dinner. Vice President Curtis and Mrs. Gann at home. Nick and Alice at home. Curtis and Mrs. Gann at home. Curtis and Mrs. Gann at home.

Oct. 14—Armed Day dinner. Curtis and Mrs. Gann at home. Nick and Alice at home. Curtis and Mrs. Gann at home.

Oct. 22—Annual McPherson society dinner. Curtis and Mrs. Gann at home. Nick and Alice at home. Curtis and Mrs. Gann at home.

Nov. 1—Official diplomatic dinner. Nick and Alice at home. Curtis and Mrs. Gann at home. Curtis and Mrs. Gann at home.

Nov. 11—Armed Day dinner. Curtis and Mrs. Gann at home. Nick and Alice at home. Curtis and Mrs. Gann at home.

Nov. 20—Doubleheader. The V. Sprunt dinner, Nick and Alice in best seats. Monrovia Railway dinner. Curtis and Mrs. Gann in the choice spots.

Iodine's Place In Foods

MUCH has been and recently concerning the importance of iodine in the human system and there is a growing tendency to take three or four doses of this drug daily, under the assumption that the system requires it.

Iodine is essential in the system and a deficiency of it may cause goiter in those predisposed to this ailment, but it is unwise to use the iodine treatment as either a preventive or curative measure without first consulting a physician about it.

If he directs you to take it in regular doses it is all right, for he understands your needs.

Ordinarily, however, you can secure sufficient iodine through the foods. It has been said that milk and green vegetables contain adequate amounts of iodine and it is also present in small quantities in peas, beans and fruits.

But fish is the principal source of iodine. It has been discovered that salt water fish contain a great deal more iodine than fish from inland waters and, as inland fish is rarely canned, all canned fish is rich in iodine and is an excellent food for those suffering or threatened with enlargement of the thyroid gland.

Laundering the Flannels

USE lukewarm water and wash one piece at a time. Thoroughly dissolve the soap so it will not cling to the flannel and make it look spotted when dry; do not rub soap directly on flannels.

Shake flannels before washing and again before hanging out to dry. Do not allow them to become very much soiled before washing—the hard rubbing will injure them.

Never soak flannels, as this hardens them, and they should be washed quickly.

If you tell them they will shrink. They are liable to shrink somewhat anyway, but a little oxal added to the rinsing water will prevent shrinking and retain the softness of the fabric.

All the waters in which flannels are washed, rinsed and bleached should be of the same temperature.

To restore flannels to their original softness after they have become hard and shrunken, soak them in gasoline a few hours, then wash as directed above.

New Silhouette in Formal Dress

FOR some time we have listened to the rumble of the return to femininity. The boyish silhouette was on the wane. At first we were willing to be convinced, but as the trim and tailored forms of our contemporaries continued to trip by, we doubted. Now it is upon us, very suddenly.

It happened in late August, and first looks fairly permanent. Women are taking to the new, soft, curving lines. Miraculously weight will be re-acquired, we'll wager.

The evening frock, as usual, lends romantic and charming silhouettes are seen in the new formal gown. A suggestion of the train is featured in not a few, and each one is graceful. One of extreme sophistication and undoubted feminine appeal was seen in white satin. The waistline was not stressed unduly, but the skirt was cut in panels to the back, where it dipped to a two-pointed short train. The décolletage was medium and the trimming negligible. Graceful lines were the motif.

FOLLIES OF FASHION

By Marguerite Barnes

A NOTED artist who has painted many beautiful women says that the space around and just under the ear shows as much more quickly than the face or neck. Sooner or later one must choose between being very chic and

exposing this space, and being more feminine and covering it.

The woman shown in the small sketch is undoubtedly smart, but the less extreme job shown in the line down from the temple and across the ear, would make her look years younger.

Society and Club News

GRAPE FETE TO BE HELD SATURDAY

Mrs. P. A. Transue of Richmond will be in charge of the fancy work booth at the 27th annual Grape Festival at the Kentfield Estate in Marin county Saturday. Mrs. Transue, who is a member of the First Presbyterian church of Richmond, will be assisted by several women of the church.

Throughout the year the women of the aid societies and other organizations of the church have been working hard to complete articles which will be placed on sale at the festival. Plans have been completed for the decorations of the booth, which promises to be one of the prettiest on the grounds.

The fete is an annual event in which many prominent club women and young girls of the bay region take part. It is given for the benefit of the San Francisco Presbyterian orphanage located at San Anselmo.

The estate grounds will represent a Neapolitan market place with the booths decorated in keeping with the Neapolitan atmosphere and those in charge will be costumed in Italian peasant dresses.

Out of the features of the festival will be an exhibition of dolls, collected from every corner of the world by Mrs. Robert Menzies of San Francisco.

A pet show is another feature being arranged by the wives of the faculty of the Tamalpais academy.

The Festival is expected to attract a record attendance from this region.

Mrs. J. M. Fieger To Visit in Iowa

Mrs. J. M. Fieger, 1417 Macdonald avenue, will leave tomorrow for Iowa where she will visit her brother.

What Society Is Wearing

MRS. HARRY PAYNE WHITNEY, STRESSING THE VOILE FOR LONGER SKIRTS

Distinctly new in silhouette is the smart fall frock worn by Mrs. Harry Payne Whitney at Belmont Park.

The uneven hemline still persists with the fan drapery brought well to the front. The skirt is at least six inches below the knee, terminating at the left side a little above the ankle.

A swathed lace girle adds an additional feminine touch. The lace appears again on the cuffs. For accessories Mrs. Whitney has conceded a broad brimmed hat to the hot weather in contrast to a silver fox scarf. Double strands of pearls encircle her neck, numerous bracelets appear on her wrists and she carries a flat silk envelope bag. Light silk stockings and one strap sandals complete the ensemble.

Mrs. Whitney is spending the fall at Wheatley Hills with her daughter, Miss MacCulloch Miller, on the Whitney estate.

Miss Helen Clark, Bride-Elect, Paid Honor at Shower

Miss Helen Clark, who will become the bride of Dr. Clarence Rutledge, was honored at a shower recently in the home of Miss Alice Maloney.

Bridge was enjoyed during the evening, with prizes going to Mrs. Alfred Axelsson, Miss Marie Beckman and Mrs. Louise Kiraly.

Among those present were Miss Isabelle Mino, Miss Marie Beckman, Miss Lorraine Zane, Miss Claire Hoover, Miss Helen Maloney, Mrs. Alfred Axelsson, Mrs. Stanley Gray, Mrs. Louise Kiraly, Mrs. Clarence Miller, Mrs. George Clarke and the honoree.

The citations which comprised the lesson-sermon include the following from the Bible: "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth. For he spake, and it stood fast. The counsel of the Lord standeth forever, the thoughts of his heart to all generations" (Ps. 33:6, 9, 11).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that really is. Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omnipresence, omniscience—that is, all power, all presence, all science" (p. 275).

Francis Kents Move to New Home

Dr. and Mrs. Francis Kent have moved from their home at Forty-sixth street to a new residence at Thirty-second street.

Mrs. L. D. Davis Back From East

Mrs. L. D. Davis has returned to her home here from Franklin, Pa., where she visited her two sisters.

SOCIAL WAR IN WASHINGTON RENEWED

(Continued from Page 1)

planned in honor of Mrs. Gann, have been upset by that lady's change of plans.

Mrs. Gann's announced leaving next week for Washington left the fate of some of the social affairs arranged for her honor here somewhat up in the air. She was to be guest of honor at several functions, including club luncheons, country club affairs, private home luncheons and a whist club session.

BRITISH OFFICIAL AVOIDS CONTROVERSY

WASHINGTON, Sept. 28.—(UP)—The British ambassador and Lady Isabella Howard have avoided the delicate question of where the vice-president's sister, Mrs. Dolly Curtis Gann, shall sit at official dinners by excluding her and the vice-president from the guest list for the large dinner they are to give for Prime Minister MacDonald at the embassy Oct. 8.

Word that Mrs. Gann, center of Washington's precedence controversy since her brother was inaugurated last March, was returning from Topeka came at the same time this information was given the United Press by an authorized representative of the British ambassador.

The vice-president and Mrs. Gann, his official hostess, will be invited only to the large reception following the dinner, it was said on behalf of Ambassador Howard.

The vice-president will be invited also to a bachelor luncheon the ambassador will give for MacDonald Oct. 5.

It was explained that the brevity of MacDonald's visit precludes inviting the same officials both to the luncheon and to the dinner at which ladies will be present.

NEVILLE SMITH JR. ENTERTAINED ON EIGHTH BIRTHDAY

Neville Smith, Jr., son of Mr. and Mrs. Neville Smith of 5351 Roosevelt avenue celebrated his eighth birthday at a party recently in his home.

Among the guests were: Bryce Jacks, Leonard Estes, Billie and Bobbie Parks, Harry Thompson, Calvin Palmer, Rodney Erickson, Glen Miller and Betty Erickson.

CIRCLE NO. 1 FIRST BAPTIST AID HOLDS FOOD SALE

A large display of home cooked foods was sold by the women of Circle No. 1 of the Ladies' Aid society of the First Baptist church yesterday afternoon at 1016 Macdonald avenue. Mrs. H. Wells, Mrs. J. Scott and Mrs. M. H. Salisbury were in charge.

Fancy work made by the women was placed on display.

I. McGuffins Back From South

Mr. and Mrs. I. McGuffin of 724 Barrett avenue returned to Richmond yesterday from a vacation trip to Long Beach, Los Angeles and Catalina island. While in the south they visited friends and relatives.

Mrs. L. D. Davis Back From East

Mrs. L. D. Davis has returned to her home here from Franklin, Pa., where she visited her two sisters.

Plus Ultra Class Planning Luncheon

The Plus Ultra class of the First Baptist church will hold a penny luncheon at the home of Mrs. Elsie Christensen in the Richmond Annex section next Tuesday, according to an announcement made yesterday. The afternoon will be spent in sewing for the autumn fancy work sale.

Onetah Council Whist Thursday

The fifth game in the Thursday afternoon card series sponsored by the Onetah council of Pocahontas will be held Oct. 3 in the Redmen's hall. At that time the grand prize will be awarded. A new series will then be started. Mrs. Mae Mathos is the chairman in charge of the event.

Visalia Visitors To Return Today

Mr. and Mrs. F. C. Lewis and son Laurel who have been visiting Mrs. W. A. Jones at Ninth street and Macdonald avenue, will leave today for their home in Visalia. Mrs. Jones will accompany them. She has been ill for several weeks and will make the trip to recover her health.

AUTOMOBILE SECTION

SUNDAY MORNING, SEPTEMBER 29, 1929.

RICHMOND RECORD-HERALD

RICHMOND, CALIFORNIA

AUTOMOBILE SECTION

PAGE FIVE

NEW NASH WILL BE SHOWN OCT. 6

KENOSHA, Wis., Sept. 28.—(Special)—Widespread and persistent rumors that the Nash Motor company is preparing to introduce an entirely new and revolutionary line of the famous "400" series Nash cars, which have gone down in history as one of the American industry's signal successes, were confirmed here today by President C. W. Nash.

Company officials, who for weeks past have been intensively engaged in the carefully guarded activities at the great Nash plants in Kenosha, Milwaukee and Racine, have completed final inspection of the new cars, it was learned this morning, and have approved the host of important engineering advancements, which are said to be the result of more than three years of experimental work and practical development by the celebrated Nash engineering department and Salon coach-makers.

No Details Revealed

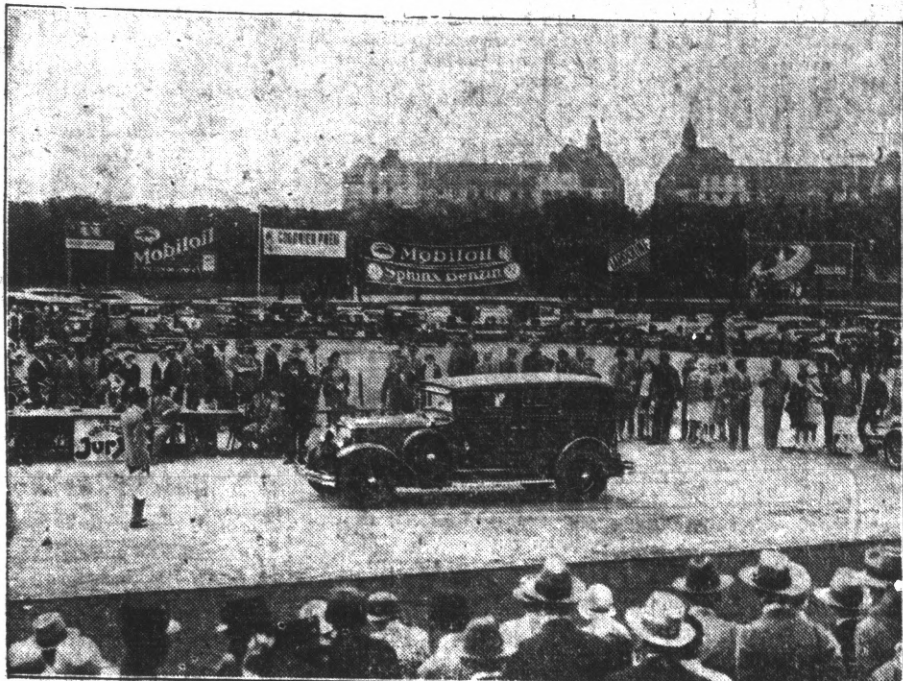

While no details concerning the many mechanical advancements and new driving features of the forthcoming cars were revealed, it was intimated that they will contribute a completely new influence to the fine motor car field and will add something definitely new to the efficiency and enjoyment of motoring. Following, as it does, the universal approval accorded the advanced design and performance attributes of the original "400" models, introduction of this new Nash group is considered one of the most important events of the automobile year, and one eagerly anticipated by all motorists.

Public announcement and display of the new Nash cars will take place Oct. 6, Nash declared today. At that time Nash dealers and distributors in all parts of the country will raise their show room curtains on the glittering array of brand new and epic-making cars, and the entire Nash merchandising organization will stand by to demonstrate their mechanical attainments and engineering superlatives. It is expected that public interest in the new Nash creation, whetted for weeks by the August announcement that new Nash models were soon to be introduced and by the close attention with which motor car people have always followed the advanced steps in Nash development, will bring about attendance records eclipsing even the high tide of a year ago when the "400" series made its initial bow to America.

High Ambition

"It has always been our ambition to build each new series of Nash cars so well that anyone attempting to make comparison would find them to be finer, more

Wins First Prize

FIRST PRIZE was won by this Nash "400" advanced six limousine at the annual Budapest automobile style show held this year. Three other Nash models won prizes in their classes.

desirable and a significant addition to the world's transportation equipment," Nash said in affirming the announcement date. "A year ago we announced the Nash "400" with greatly advanced engineering features which we considered an important addition to the motor world. Its record in the months that followed was a record of success that far surpassed our most enthusiastic estimate. Sales exceeded by tens of thousands of cars the sales of any similar period of Nash history."

"Now we are prepared to introduce a new series of cars which, in our opinion, are most worthy to carry forward the name of Nash and its traditions. In these new cars every feature—and there are many new features—will add something definitely finer to the use and enjoyment of motor cars."

Roy K. Dorr is the Richmond representative of the Nash automobile.

Drain Oil After Long Motor Trip

If you take long trips with your car and find it necessary to replenish the oil in your crank case it is a matter of economy to have the crank-case drained by your own service station when you return. In this manner you will be sure to have the correct quality and grade of oil and avoid possible motor trouble later.

Obedience To Laws Held Aid To Motorists

Many avoidable accidents could be averted if motorists changing a tire or making mechanical repairs kept entirely off the highway, declares the California committee on Public Safety.

The California Vehicle act prohibits parking on the main travel portion of any public highway when it is practicable to park or have the vehicle standing off of the paved or improved road. A vehicle never may be left standing on a highway whether attended or unattended upon any public highway unless a clear and unobstructed width of not less than 15 feet upon the main travel portion of the highway opposite the car shall be available for other vehicular traffic.

"The safety of the motorist as well as others should be a sufficient guide to every driver to pull entirely off the highway when making adjustments to the car," declares this committee.

While the law calls for this action, it is stated, an autoist should be courteous and careful enough to get out of the way of other traffic without need for a warning or a request to go move from traffic officers, or others.

DOUBLE DUTY TIRE WINS PRAISE

Sales response of car owners to the new Double Duty Western Giant balloon tire, which recently made its appearance, has far exceeded all expectations, asserts C. J. Johnson, local manager of the Western Auto Supply company.

"Sales were instantaneous since the first showing of the Double Duty tire in our more than 150 western stores, and Western Auto managers throughout the country report a constant stream of sales following the announcement of Western Auto's finest tire," said Johnson.

This new tire is, without a doubt, Western Auto's greatest tire achievement and it offers a double duty tire at a popular price. It is a result of a close study of the motoring needs of this high speed motoring age. In designing this tire, we have matched the beauty of today's finest automobiles, provided confident control for threading the traffic maze on crowded boulevards, facilitated quick stops and sudden starts and assured cool running at high speed.

"One of the outstanding features of this new addition to our line of tires is the improved center traction tread. The continuous center and side running strips of the tread equilibrate road surface contact, add thousands of miles to tread life and make steering easier. Deep cross-slots give greater traction, aid braking and prevent forward slipping. Long, tapering shoulder bars widen the tread and protect the tire against bumps, strains and roll-over on curves."

"As a worthy mate for our Double Duty tire, we offer the new Double Duty Western Giant tube. Laminated construction of select plantation rubber vulcanized on a circular form assures wrinkle-less fit and uniform thickness. The Para gum inner lining retards air seepage and holds the pressure longer, thereby lengthening the life of the tire."

Fire Menace Hit By Gov. Young

The National Automobile club calls to the attention of all motorists the recent warning issued by Governor Young in which he states his orders to traffic officers throughout the state to rigidly enforce the law against throwing burning articles from moving vehicles. Such strict enforcement is necessary to alleviate the grave danger of fire along the highways.

Desert Roads To Be Beautified

To E. A. Bayley, assistant engineer of the Los Angeles Bureau of Water and Power, belongs credit for the proposal to beautify the long stretches of arid desert highway with the planting of rows of scarlet oaks. One can imagine, states the National Automobile club, the unique and colorful aspect which would be presented by the millions of scarlet lances stretching in an endless line across a barren waste of sand.

WANT ADS GET RESULTS IN THE RECORD-HERALD

CHEVROLET CAR HAS HISTORY OF INTEREST

The present showing of the six cylinder valve-in-head Chevrolet, according to officials of the Golden Rule Chevrolet company recalls some of the high lights in the history of the Chevrolet Motor company, now the world's largest automobile manufacturer as follows:

- 1911—Nov. 3, Chevrolet Motor company of Michigan organized.
- 1912—First retail sales offices opened at Chicago, Philadelphia and Boston.
- 1913—Factory rented at New York City to supplement production of Flint, Michigan, plant.
- 1914—Executive offices moved to New York City from Flint.
- 1915—"480" model touring car, listed at \$490, went into production; motor plant purchased at Tarrytown, N. Y.; first zone sales offices established at Kansas City and Atlanta.
- 1916—Small parts plant purchased at Bay City, Michigan, and transmission plant purchased at Toledo, Ohio. Assembly plant opened at Oakland, Cal.
- 1917—Another assembly plant opened at Flint, Michigan.
- 1918—May 2, General Motors took over Chevrolet.
- 1919—Site for assembly plant purchased at St. Louis.
- 1920—August, zone sales offices opened at Buffalo, Baltimore, Pittsburgh and Portland, Oregon.
- 1921—General Motors took over Chevrolet operations in Canada.
- 1922—Gear, axle and frame plants opened at Detroit; Fisher bodies first used.
- 1923—Three assembly plants opened at Janesville, Wis., Buffalo, N. Y. and Norwood, Ohio. Pressed steel plant opened at Flint and export plant at Bloomfield, New Jersey.
- 1924—W. S. Knudson made president and general manager; R. H. Grant, made vice-president and general sales manager; proving ground first used.
- 1925—Introduction of an entirely new chassis and motor known as "The New Chevrolet". Annual production exceeded half million mark.
- 1926—\$10,000,000 expansion program under way, entailing new Flint engine plant and expansion of all plants then in existence.
- 1927—Jan. 13, three millionth Chevrolet produced. Entrance of sales force made with Mr. Grant becoming vice-president in charge of sales and H. J. Klinger, general sales manager.
- 1928—Four millionth unit produced early in January. Five millionth car produced early in September. Six cylinder car introduced in November.

Liability Of Auto Owners On Increase

Under the recently enacted motor vehicle laws, car owners are subjected to an additional responsibility. The driver is always primarily liable, but under the new law the car owner is liable if the car is loaned or used with his permission. This practically places the responsibility upon the owner, regardless of who may be operating the car.

J. Winifred Stidham Insurance Loans-Conveyance 125 Richmond Ave. Telephone Rich. 568

Good Posture Aids Driving

One's sitting position in the car has much to do with the enjoyment of a long trip. Sliding forward in the seat until one's spine acquires a crescent shaped contour is very conducive to excess tiring of all muscles. It requires but a slight change in position to relieve undue strain upon rest the muscles, but it is well to remember that the more erect a position one maintains, the less effect the driving will have on his bodily comfort.

Oil Steering Gear Of Your Machine

If the steering assembly is properly lubricated and in perfect order, and your car does not handle easily, the trouble may be misalignment of the front wheels, or low pressure in front tires.

Fire Menace Hit By Gov. Young

The National Automobile club calls to the attention of all motorists the recent warning issued by Governor Young in which he states his orders to traffic officers throughout the state to rigidly enforce the law against throwing burning articles from moving vehicles. Such strict enforcement is necessary to alleviate the grave danger of fire along the highways.

Desert Roads To Be Beautified

To E. A. Bayley, assistant engineer of the Los Angeles Bureau of Water and Power, belongs credit for the proposal to beautify the long stretches of arid desert highway with the planting of rows of scarlet oaks. One can imagine, states the National Automobile club, the unique and colorful aspect which would be presented by the millions of scarlet lances stretching in an endless line across a barren waste of sand.

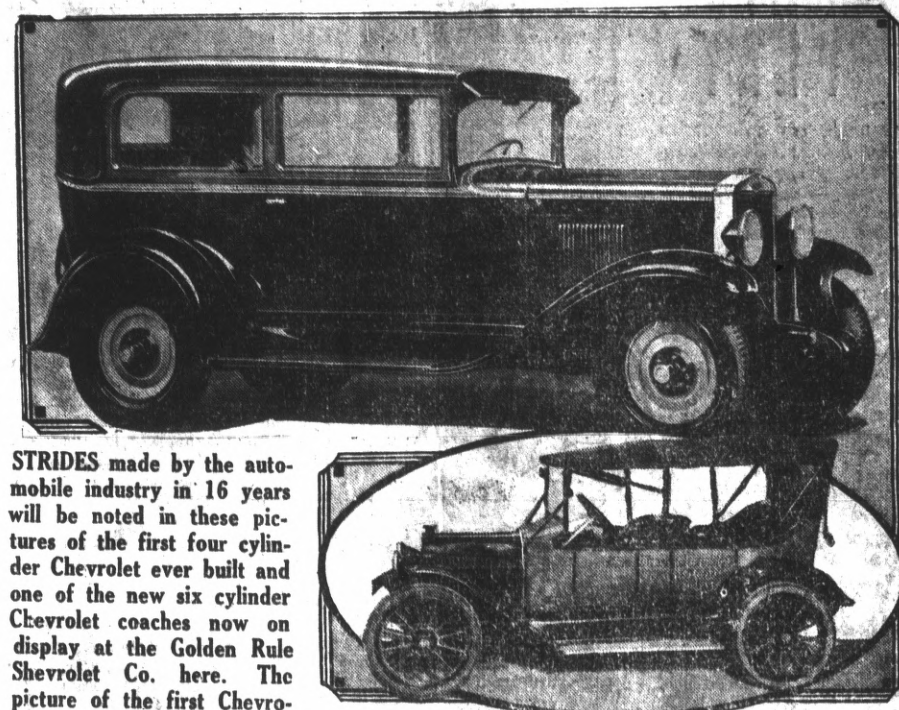

Paint Job Brings Ten Dollar Fine

A motorist in Newcastle, England, remarks the National Automobile club, was recently fined \$10.00 for failing to notify the authorities of having changed the color of his car.

INSPECT STOP LIGHT

If you have an electric stop light on your car, it should be checked for condition often.

Then And Now

STRIDES made by the automobile industry in 16 years will be noted in these pictures of the first four cylinder Chevrolet ever built and one of the new six cylinder Chevrolet coaches now on display at the Golden Rule Chevrolet Co. here. The picture of the first Chevrolet was taken a short time ago when the car was displayed in Detroit.

First Paved Road In U. S. Built In 1818, Reports Show

In 1818, reports the National Automobile club, John Louden MacAdam, served as a member of the engineering staff which completed the first great highway of this country, extending from Cumberland, Maryland, to Wheeling, West Virginia, and paved with macadam. The invention of that engineer, the road was 40 feet in width so that according to news dispatches of the day, "fast mail coaches at ten miles per hour went by the slow wagons without interference." The same road was later extended through the capitals of Ohio, Indiana, and Illinois, to St. Louis, Missouri.

LAVA BED ROAD SURVEY MADE

Reconnaissance surveys covering the Modoc Lava Beds are now in progress under the supervision of the United States Bureau of Roads, for the purpose of establishing approved routes through this rugged and fantastic lava flow area, according to reports received by the National Automobile club.

The expense of this study is being borne by Modoc county in furtherance of a plan to open up the lava beds which now, for reason of almost impassable road conditions, are scarcely known.

Come in NOW! We have the Greatest Selection of O.K.'d Used Cars . . . at the Lowest Prices in Our History

LOOK at These Bargains!

CHEVROLET COUPE 1928

In wonderful condition and absolutely guaranteed. All new tires and is completely equipped including two extra tires mounted in fender wells and collapsible luggage carrier. Have been asking \$45.00 but price has been slashed. If interested be sure and investigate this buy. Will give very liberal terms.

"WITH AN OK THAT COUNTS."

CHEVROLET COUPE

We have two of these jobs which are very clean and in fine condition. Have had up usually good care. Fully equipped with lots of extras and still have an awful lot of good unused transportation in them. \$25.00 down with nice easy monthly payments on the balance will drive either one of them away.

"WITH AN OK THAT COUNTS."

STAR COACH, 1927

A nice clean job and in fine condition. Priced at a figure that is going to move it fast. Fully equipped and absolutely guaranteed. Full price \$235 \$15.00 down and balance on nice easy terms.

"WITH AN OK THAT COUNTS."

CHEVROLET SEDAN 1925

This is a four door job and has been completely reconditioned in our shop. Fully equipped and has lots of extras. It is finished in the original blue duco and has had wonderful care. This car is priced at \$225.00 for quick sale and \$70.00 down will drive it away. Fully guaranteed.

"WITH AN OK THAT COUNTS."

USED CARS with an OK that counts

Mr. Driver You Owe It To Your Family!

Your car is a member of the family circle. It cost you real money—when it operates properly it affords you all a lot of real pleasure. When it goes bad, the whole family misses it—you realize just how much it means to you. You owe it to your family to keep it in good running order. Now, do you know that nine-tenths of motor troubles come from faulty action of the valves? Well, that's a fact! When the valves warp, lose compression and leak, the whole motor is sick, for the valves are the heart of the motor.

Faulty valves need correction. They must be properly, accurately, scientifically corrected, if you are to enjoy the full power and efficiency of the motor. Grinding valves in with grinding compound does not correct their faults. Grinding is guesswork. Motors and valves are not made by guess, do not work by guess.

There is only one safe, sane, sensible, scientific system of valve correction, and that is the Kwik-Way System—recognized as standard throughout America—and we employ that system. Come in—see how accurately it works—see what a perfect job it does.

You owe it to your family—and yourself—to see that your motor valves are properly corrected. Drive in Now. It pays to investigate—modern repair at moderate prices.

SPORTS

UPSET MARKS COUNTY NET PLAY

A large crowd of Richmond tennis fans yesterday saw the opening games in the Contra Costa tennis championship play now being held under the auspices of the Richmond Tennis club.

The match between Charles Stickney and John Holmes featured the match yesterday, with Holmes going down before Stickney's superior net work by a score of 7-5 and 6-4.

Both players are old rivals and have met in the finals of several state championship tournaments.

The biggest upset of the day was the victory of John Murdoch of Richmond over Dr. A. E. T. Bucknell, former British Columbia champion, Murdoch won by scores of 7-5 and 6-4.

The results yesterday were as follows:

Geo. Greene def. Bethel Peterson 6-1, 6-2.
Geo. Holt def. H. Dorne by default.

A. E. Connelly def. R. R. Rowell 6-3, 6-0.

R. P. Benjamin def. Harvey Robbins 6-4, 6-1.

Tom Wehman def. Jack Steinbach 6-4, 6-4.

Chas. Stickney def. John Holmes 7-5, 6-4.

Jack Murdoch def. A. E. Bucknell 7-5, 6-4.

Greene-Jensen def. Schiller-Rebbins 6-2, 6-2.

Carlin-Sutton def. Dorne-Blade by default.

Sea and Lee def. Connelly and partner by default.

E. A. Klein def. Joe Zink, 6-0, 6-3.

The pairings for today's games are as follows:

9:30 a. m.—Point Richmond courts—Carl Peterson vs. Wm. Calhoun; James Earley vs. D. Taylor; City Hall courts—Dan Lemes vs. K. K. Atkinson; Frank Gove vs. Clark Grove.

10:30 a. m.—Point Richmond courts—A. E. Johnson vs. C. A. Henning; C. E. Johnson vs. F. M. Smith; City Hall courts—Dolph Muehleisen vs. M. Fuller; Mike Laine vs. G. Williams; H. Robinson vs. Don Doran.

11:30 a. m.—Point Richmond courts—W. Honsberger vs. John Arthur; D. Sutton vs. Barney DeGiere; City Hall courts—Atkinson-Grove vs. Vinson-McGee; Bob Muench vs. P. Carlin; I. A. Kline vs. E. M. Vinson.

12:30 p. m.—Point Richmond courts—Gail Warwick vs. Hal Harlow; Al Wright vs. Sam Welles; City Hall courts—E. Lousia vs. G. A. Rice; John Maro vs. L. Elwood; Grove-Kline vs. Martin-J. P. Bruguliere.

1:30 p. m.—Point Richmond courts—Suber and Randall vs. C. E. Johnson and partner; C. A. Henning and partner vs. Honsberger and partner; City Hall courts—Laine and Robinson vs. E. Penfamin; Cy Dabovich; Muench and Muehleisen vs. Benjamin and Stickney; Sam Lee vs. L. A. Harper.

2:30 p. m.—Point Richmond courts—Gail Warwick and partner vs. Welles-Wheeler; W. Yates vs. P. Eberson; City Hall courts—Elwood and Elwood vs. Wright and Phillips; Soller-Loustau vs. Klein and Buckell; Mario and Haas vs. Williams and Rice.

3:30 p. m.—City Hall courts—Holmes and Holmes vs. A. E. Johnson and Fuller; Kline-DeGiere vs. Kellman and partner.

4:30 p. m.—Point Richmond courts—Yates and partner vs. Murdoch and Peterson; City Hall courts—H. Elwood vs. W. D. McNee; Bob Phillips vs. K. F. Merio.

High Gridders To Meet Damon High Of S. F.

The varsity gridders of Richmond Union high school will once more attempt to break their streak of bad luck when they meet Damon High school of San Francisco Friday on the Richmond field. This will be the first varsity game played on the local field this season.

Commencing the term by tying with Oakland Technical High school, the local gridders have been unable to carry off a single victory. Ivan W. Hill, Richmond High coach, has been working the boys overtime in an effort to bring them up to standard. Friday's game is being watched with interest by the fans in the hope that Richmond will gain its first victory.

Title At Stake In Elk Contest

With the championship of the Northern California Elk's league not far distant, the Richmond Elk nine will take the field against the Oakland Elks at the Coast League park in Emeryville today at 12:30 o'clock.

Richmond is now on the top of the list, but it is still doubtful if their position will be permanent. Alameda is second in the league, with one more loss than Richmond. Alameda will meet San Francisco today at Lincoln park in Alameda. If Alameda wins this game, it will still be in a position to cause anxiety in the ranks of the local team.

Bear Crews To Start Season

BERKELEY, Sept. 28.—Varsity crew material at the University of California responded to the first practice call of the year this week when veterans and new men reported at the Oakland estuary to begin fall training. Intensive work will start in the spring but Varsity Coach Ky Enbright and Freshman Coach Russ Nagler have a policy of keeping crew men busy the year round.

Last year's freshman boat, victorious over Washington in the best race of last spring's regatta, has been working out for several weeks. The men who were in this boat are now sophomore candidates for the varsity crew.

Girls' League Members Attend Alameda Meeting

Three officers of the Richmond Union High school Girls' league attended the Eastbay conference of high school girls' league yesterday at Alameda High school. The Richmond representatives were Hazel Whalen, president; Alberta McCormack, secretary; and M. Elizabeth Kinnear, advisor of the Richmond organization.

The Richmond division was elected to appoint the secretary-treasurer of the eastbay division. Discussion tables were held, and a program was given by the Alameda High league. Dinner was served after the meeting.

Elks Baseball Club Honored At Club Dance

Members of the Richmond Elks baseball club, now leading the northern California Elks league, were honored at a dance last night in the local clubrooms.

George Shaw, manager of the baseball club, was in charge of the event which was open to members and their families.

Musical was furnished by Deney Shaw's orchestra.

Legion Board To Meet In South

SAN FRANCISCO, Sept. 28.—Rehabilitation activities in connection with the work of the American Legion among the World War veterans who have been disabled or who are ill will be discussed by representatives of the national rehabilitation committee of the Legion at Louisville, Ky., Sept. 29. John F. Sinclair of San Mateo, western states representative on the committee, will attend the gathering from California. Problems of the ex-service men and women will be taken up at the meeting.

RAGS WANTED
THE RECORD-HERALD

Trojan Leader

CAPT. NATE BARRAGER, of the famous University of Southern California football team, the coast champions of 1928. The team has a number of hard contests on its schedule for the next few weeks.

CALIFORNIA BEARS USE AERIAL GAME TO DEFEAT SANTA CLARA

BERKELEY, Sept. 28.—Scoring 26 points in the first and second quarter, and seven in the fourth, the California Golden Bears to day rode the Santa Clara Broncos to the tune of 27 to 6. The Broncos scored a touchdown in the last few minutes of play.

The two teams resorted to a punting duel in the early part of the first quarter, with neither team gaining an advantage until the end of the first canto when California worked the ball to the one yard line and Lom hit center for a touchdown. Barr converted.

Resorting to an aerial attack, the Bears strode down the field in the second quarter, working a passing combination of Lom to Elism and Avery. Santa Clara finally held on the 18 yard line and took the ball on downs.

It was another pass thrown by Lom that brought the Bears within striking distance of the Bronco goal line. Norton snagged a fast one cut of the air on the Bronco 11 yard line. The pass was good for 32 yards. On the next play, Rice squirmed through the line of right guard and plunged 11 yards for a touchdown. Rice converted.

California kicked off to Simont who returned the ball to his own 26 yard line. An exchange of kicks followed, with California finally taking the ball on the Broncos 39 yard line.

Rice then lifted a 28 yard pass to Brown who was nailed on the 11 yard line. Another pass, this time from Rice to Thornton, brought the fourth touchdown. Rice failed to convert. A few seconds later the half ended.

The Broncos threat came in the third quarter when they worked the ball down to the California seven yard line, Casanova lost one yard on a line buck. Mettler fumbled and Tessemere recovered for a loss of seven yards. Norton then smeared through the line and knocked the ball from Mettler's hand on an attempted pass and Fioht recovered for a loss of 11 yards. California smeared Mettler's pass and California took the ball on their own 25 yard line.

In the middle of the fourth quarter, Elson took a short pass from Lom and made 20 yards to the Broncos' 12 yard line. Lom smashed through tackle for seven yards and on the next play went through center for one yard. Hickinbotham then made it first down on the Broncos' one yard line and romped through guard for a touchdown. Lom's kick was low but Santa Clara was ruled off side and the Bears were given the extra point.

In the last few minutes of the game, Marbado took the ball on his own 37 yard line. On the next play California was penalized 15 yards for roughing it. Mettler then passed to Marbado for a

gain of 21 yards and first down on the California 21 yard line. Mettler passed to Hankinson for 11 yards and first down on the Bears' 10 yard line. Mettler passed to Machado over the goal line for a touchdown. Machado failed to convert.

**READ IT FIRST IN
THE RECORD-HERALD**

BEAR FROSH 8 WILL MEET JUNIORS

BERKELEY, Sept. 28.—Naval battles as well as land warfare will feature the fall sports schedule of the University of California, it was learned when an announcement was made that the California freshman crew would meet the Sacramento Junior College eight on the Oakland Estuary Saturday, Nov. 9. The race falls on the same day the California varsity football team meets Montana in a conference grid game.

Freshman crew coach Russ Nagler has a large squad of candidates working out every night, drilling fundamentals into his green but promising material. Several boats are on the water each night.

Likewise, Babe Dunwoodie of Sacramento Junior College has started work for the season. Practice opened on the Sacramento river a week ago.

Several times last season Sacramento met California boats, either freshman or varsity eight. Honors were about even at the end of the year. As a result of those races, crew interest in both schools was given great impetus, and competition this year should be on a more equal basis.

U. S. Bankers Gather At S. F. Meet

(Continued from page 1)
through the Panama canal to Los Angeles, is due Monday morning by train.

Delegates to the convention represent a money sum approximately \$65,000,000,000. The association has members in every state in the Union, comprising more than 20,000 banks out of the 26,000 in the country.

Formed in 1875
The American Bankers' association was organized in 1875, when 17 bankers from various parts of the United States met at New York and issued a call for a convention, which was held at Saratoga, N. Y.

Since formation the history of the association has been one of development and growth to meet the changing and ever expanding conditions of this country's phenomenal financial growth.

Social and entertainment features of the convention have been prepared on an elaborate scale by a local committee.

In connection with the association convention will be held the convention of the Association of Bank Women, composed of women executives of banks. Both conventions will end a week from tonight.

Golden Wheat To Biscuits In 18 Minutes

RANGER, Tex.—Golden wheat was waving in the field, just 17 minutes and 38 seconds later the same wheat had been transformed into hot brown appetizing biscuits.

The wheat was reaped, threshed, rushed in an auto to a mill, made into flour, thrust into ovens and emerged ready to be consumed, in less than 18 minutes. K. C. Jones, Ranger mill owner, and Ben Whitehouse, agricultural instructor, conducted the race against time aided by two chefs. Last year a similar test required 41 minutes.

Two important questions of particular interest to large groups of the World War veterans will come before the national convention. One is the proposal to extend the time limit for presumptive service connection for tuberculosis to January 1, 1930, and the other is a proposal that some scale of compensation be provided for the men in hospitals suffering from disabilities which have not been considered the result of their World War service.

Each of the groups advocating these proposals has formed an organization and has sent out broadcast literature setting forth their reasons and arguments. The questions referred to will undoubtedly be decided by the convention committee on rehabilitation, before which representatives of each interested group will be given a hearing, although there is possibility that debate will be carried to the floor of the convention.

Women Juries Asked For Trial Of Women

BOSTON.—All-women juries should try cases in which women are the defendants, in the opinion of Mrs. Alice Lee West Movius, state chairman of the Massachusetts branch of the National Woman's party.

At present, she believes, there is discrimination against members of her sex in connection with jury duty.

"Would a man want to be tried by a jury composed of women?" she asks.

**Cattle Die After
Eating Cement**
COLUMBIA, Mo.—Four hogs are dead and four steers are not expected to live after eating cement that had been unloaded in the pasture where there were 123 head of hogs and 67 head of cattle.

Soccer Club To Meet Merchants

The Richmond Soccer club will meet the strong Golden Gate Merchants of Oakland today at Nicoll park.

Today's contest will be the first game of the Junior Eastbay Soccer league in which Richmond takes part this season. The local team are confident of a good season. In a practice game with the Scandals of Oakland, Richmond was victorious by a 2 to 1 score. However, today's game may be a harder struggle, for the Golden Gate Merchants captured second place in the league last year, and are considered one of the best soccer teams in the Eastbay.

The Richmond lineup for today's game will probably be: Myers, goal; Jester, rb; Brocco, lb; Baker, rh; Lems, ch; Freese, lb; Grice, or; Fewins, lr; Brain, cf; Rudy, il; Hood, ol; Urquhart, substitute goal.

LEGION MEET WILL OPEN SEPT. 30

SAN FRANCISCO, Sept. 28.—California World War veterans—more than 250 strong—depart this week for Louisville, Ky., to attend the annual convention of the American Legion there, Sept. 30 to Oct. 3.

Headed by State Commander, Clarence L. Kincaid of Hollywood, State Adjutant James K. Fish, National Committeeman Phil Dodson and other American Legion officials from the California department of the World War Veterans' association, the delegates from this state, traveling on a special train to the Kentucky city, will advertise California along the route east and at the same time campaign for the selection of Los Angeles as the 1930 convention city for the next national convocation of the Legion.

The American Legion delegates from Northern California assembled at San Francisco Wednesday for departure eastward, while the Southern California contingent left from Los Angeles on Thursday. The delegation was reassembled at Salt Lake City, and traveled to Louisville to arrive, arriving there Sunday morning.

Each Legionnaire will wear a distinctive California uniform during the trip and during the convention days. The uniform will consist of white flannel trousers, white socks and white shoes, white shirts with blue silk bow ties. The uniform will be set off by an orange sash. An orange colored hat with blue grizzly bear and the word "California" on the front will complete the uniform.

California fruits, flowers and the trip by the delegates and their friends. A carload of oranges has been contributed, while grapes from Sacramento and Lodi have also been contributed in like amounts. Orange county will send a handsome float for participation in the big Legion parades. Lindsay post of the Legion has contributed ripe olives, big ones, which will be served at the annual commander's banquet.

Long Beach, Los Angeles, Napa, San Diego and Santa Ana will send drum bands and bugle corps, glee clubs, quartets and other musical groups to compete in the national musical entertainment championships of the World War Veterans.

Two important questions of particular interest to large groups of the World War veterans will come before the national convention. One is the proposal to extend the time limit for presumptive service connection for tuberculosis to January 1, 1930, and the other is a proposal that some scale of compensation be provided for the men in hospitals suffering from disabilities which have not been considered the result of their World War service.

Each of the groups advocating these proposals has formed an organization and has sent out broadcast literature setting forth their reasons and arguments. The questions referred to will undoubtedly be decided by the convention committee on rehabilitation, before which representatives of each interested group will be given a hearing, although there is possibility that debate will be carried to the floor of the convention.

By such calculations, it would be 10 p. m. Sunday night before the storm center would strike Key West, but the present disturbance.

LOCAL NINES TO PLAY TODAY

Baseball teams of this district are preparing for several contests to be played today. The San Pablo nine will travel to Stockton to play the Stockton Pumps. The Stockton team has a reputation as a good team, and a hard-fought game is expected. Johnny Babelch will hurt for the San Pablo's, and Bill Gualdoni will be on the receiving end.

Coreys Garage meets the Leader Market squad in El Cerrito at 2:30 o'clock. The Calatone Waters will play the East Bay Tigers here, and the Thomas Motors are dated to visit Rodeo today.

Contra Costa Odd Fellows Nine To Play Crockett

An encounter between the Contra Costa Odd Fellows and the Crockett Linkers' baseball team will be the main event of the outing at Odd Fellows recreation camp on the Russian river today. The Contra Costa delegation will have the privileges of the camp. Manager J. L. Brown will send a strong Contra Costa squad on the field against the Crockett lodge.

FLORIDA HIT BY DEVASTATING HURRICANE

(Continued from Page 1)

turbance, which moved at a rate of 24 miles an hour, but fiercely toward the nation's most southern city.

Fire Horror Added
In mid-afternoon Homestead had felt the storm's greatest rage. An 85-mile an hour gale struck the city simultaneously with the outbreak of a fire in the Horn building. Fire engines were summoned from Miami to aid local fighters, and with the aid of a Biscayne boulevard was strewn with branches from palm trees along the parkway, and coconuts rolled up side streets like bowling balls before the gusts of the gale.

Although the winds reached a force of 60 miles an hour here, at times, it generally was around 40 miles, and damage was slight. Biscayne boulevard was strewn with branches from palm trees along the parkway, and coconuts rolled up side streets like bowling balls before the gusts of the gale.

Hurricane Warnings
Hurricane warnings were hoisted again after 24 hours in storage. They flew from Miami to Key West on the east coast, and from Key West to Tampa on the west coast. Northeast storm warnings were ordered up between Miami and Jupiter.

The barometer here at 12:35 p. m. stood at 29.40. At Key West at the same time the reading was 29.25 a drop of nine points in two hours.

Electric light lines and water mains were put out of order during last night but were repaired by noon.

The power line failure handicapped Miami newspapers in publication.

Million Dollar Loss
The chief dispatcher of the Florida East Coast Railway here told the United Press that, basing his judgment on reports received from various points along the line, the citrus crop loss would approximate close to \$1,000,000. The dispatcher said grapefruit and pears in the vicinity of Homestead, the heart of the fruit belt, had been stripped off by the terrific winds.

Medical assistance was sent from West Palm Beach and Miami to Homestead after reports of a \$5 mile wind were received. At 9 a. m. today R. W. Gray, chief of the local weather bureau, located the center of the storm at 60 miles south of Miami and moving four miles an hour toward Key West. That would place the storm center at 9 a. m. at about 100 miles northeast of Key West, and at 3 p. m. about 76 miles from that city.

Due Tonight
By such calculations, it would be 10 p. m. Sunday night before the storm center would strike Key West, but the present disturbance.

HIGH B TEAM TO MEET UNI

The Richmond Union high school football team will meet the "B" squad of University High school on the Richmond field Thursday.

The Richmond lightweights have a rosy future ahead, judging by the showing made in the game against the Oakland Technical High B's whom they defeated 13 to 6. The local B's showed a fine offensive, which kept most of the play in their opponents' territory.

CARD FROSH BEAT JUNIORS

STANFORD STADIUM, Sept. 28.—(AP)—Withstanding a last quarter offensive by Sacramento Junior College, the Stanford freshmen came through with a 7 to 6 victory today in the preliminary to the Stanford varsity—Olympic club game.

Ham Hedge, star end for the freshmen, intercepted a Sacramento pass in the last quarter on the eight-yard line and staved off a last minute touchdown.

Both scores were made in the first period. Afterbaugh made the first run for Stanford on a 55-yard run after receiving a punt. Donadio starred for Sacramento.

U. C. Gridders To Meet Hoover

BERKELEY, Sept. 28.—The University of California varsity football team may be presented to Herbert Hoover, president of the United States, during a day's stopover at Washington, D. C., on route to Philadelphia to meet the University of Pennsylvania on Oct. 19.

Tentative arrangements to have the team meet President Hoover are being carried forward by Maj. Rapp Brush of the War Department general staff, according to word received here by W. W. Monahan, general manager of the Associated Students. The Golden Bears are scheduled to arrive in Washington the morning of October 16.

Louis Little, director of athletics at Georgetown university, has advanced plans to Monahan for meeting the team and has extended an invitation to the California party for luncheon at the Racquet club, where the players will also have accommodations during the stopover. Little is also making arrangements for a practice field, probably the Washington ball park, for the use of the Bears for secret practice on the afternoon of Oct. 16.

Turtle Hurries To Old Home

WINSTON-SALEM, N. C.—The lost terrapin of Rural Hall, with "Walter Stoltz-1831" marked on its back, has been found by Sam Stoltz on what is known as the old Walter Stoltz home place. Stoltz recovered the terrapin five years ago and after keeping it for a few days, gave it its freedom. That was the last he saw of it until Saturday.

turbance has been so tickle the past few days that it is unsafe to predict.

Key West, perched alone in the Gulf of Mexico and connected with the mainland only by thin rails of steel, appeared less perturbed about its own position than cities to the north.

Carl Bervaldi, chairman of the Monroe county board of commissioners said he did not believe serious damage would be done in any part of the county if the storm did not increase its velocity.

The west coast did not escape the force of the overdue storm. Tampa reported a barometer reading at noon of 29.77, a drop of one point in 30 minutes. The barometer there had been dropping steadily all morning. A 26-mile an hour wind was blowing.

Other west coast towns, including Vinco, Boca Grande and Fort Myers also reported barometers dropping.

Much of Miami's and West Palm Beach's ability to withstand the storm with so little property damage was attributed to the special precautions taken Thursday when the disturbance moved from its position north of Porto Rico and appeared ready to strike immediately at Florida.

Now Is The Time To Buy
Real Estate in Richmond, Either a Home Or As An Investment

Macdonald Avenue is now and will always remain the Main business street. I have several large lots only one, two and three blocks from it on both sides between 6th and 16th streets.

Buy one and I will build a home to suit you, and sell it to you on easy terms, or cheap, for cash. Save time by walking to and from your work. They are sure to increase in value. This kind of property has made the greatest fortunes for many conservative investors.

A SPECIAL OFFERING
Owner having moved old house off of lot 50x112 1/2 ft now has gas, water and sewer mains in front to back; also a good garage. Some fruit trees in back yard and two large palm trees in front yard. Located on 17th St. North, 2 blocks from Macdonald avenue. Price very low as owner needs money. Come and let me show you this lot and I will surprise at the low price.

65x112 1/2 ft. Side of Bissell between 14 and 15 Streets.
75x112 1/2 ft. West side of 14th Street, near Bissell Ave.
75x112 1/2 ft. Northwest corner of 14th and Chandler Avenue.
75x112 1/2 ft. East Side of 18th, between Bissell and Chandler. Fine location for apartment house, or for 2 residences.

Strength Regained

Woodland, Cal., Mar. 28, 1928.

Several months ago I strained my back. It was very painful and got worse every day. My general health was affected and I became so weak that I could scarcely walk.

I was recommended to take the Fong Wan Herbs. After the first three weeks I was able to get on my feet. After the first month I was able to walk. My health is now entirely restored. My back is well and I am strong again.

I take pleasure in endorsing the wonderful herbs of Fong Wan.

HORNER TO BE HONORED BY SHRINERS

MODESTO, Sept. 28.—Members of the Stanislaus County Shrine club have announced that Oct. 5 will be the date of the first event of the fall season. Elaborate preparations are being made by local Shriners for the entertainment of several hundred Nobles and their ladies who are expected to attend the convocation in the Stanislaus county metropolis.

Illustrious Potentate and Mrs. Clare D. Horner are to be the guests of honor at the Modesto Shrine gathering and many other colorful figures of the "Mystic Shrine in northern California" are to be in this city with their ladies on that day.

Noble G. M. Brut of Modesto has enlisted the aid of many prominent Shriners of the district. This assures the success of the affair, according to Herman L. Englehardt, representative to the Imperial council who is to accompany Potentate and Mrs. Horner to Modesto.

Other members of the committee who are assisting Noble Brut are Nobles Hugh Walls of Modesto, H. J. Jones of Oakdale, F. C. Harder of Turlock and William Falger of Modesto.

One of the features of the gathering will be a special showing of the famous Shrine film, "An Equal Chance." This film which was made at an expense exceeding \$10,000.00 was produced to familiarize Shriners with the activities of the ten complete hospitals and six mobile units maintained and operated by the Nobles of the Mystic Shrine for the treatment of crippled children. These Shriners' hospitals for crippled children are maintained by the order at a cost of more than \$1,500,000.00 annually and represent a permanent investment of approximately \$6,850,000.00 according to an official bulletin recently issued to the 4988 Nobles of Ashmole temple by Potentate Horner.

The crippled children's hospital film was produced and financed personally by Noble Ratteree of Los Angeles. He gave a year of his time and contributed a large part of his personal fortune to make it possible for this picture to be viewed by the 600,000 Shriners of North America who maintain these hospitals for crippled children according to Potentate Horner.

Rev. G. W. Forman Will Be Heard In Farewell Sermon

Rev. George W. Forman, pastor of the Community Methodist church, will deliver his farewell sermon here today and will preach at both morning and evening services. Rev. and Mrs. Forman are leaving for Alhambra, where he has been given the pastorate of the Methodist church.

Rev. E. A. Williams of Cloverdale has been given the pastorate of the local church and he will appear here next Sunday.

Rev. Forman has chosen "The Sure Foundation" as the topic for his morning sermon. In the evening he will preach on "Making the Most of Life."

Prizes To Spur Attendance At Realtors Meet

That attendance at the twenty-fifth annual convention of the California Real Estate association, to be held in San Diego, October 8-11, will be large and representative of a majority of the real estate boards in the state, is the assertion of Frank C. Pope, Santa Ana, regional vice-president, and state chairman of the attendance committee.

A flying squadron tour is being made by Roy F. Bleifuss, president of the San Diego Realty Board, and Glenn D. Williamson, state secretary of the association, in the interests of the silver jubilee, visits being made to real estate boards at Santa Barbara, Ventura, Bakersfield, Fresno, Richmond, Brentwood, Berkeley, San Francisco, Oakland, San Leandro, Vallejo, Sacramento, Stockton, Modesto, Redwood City, West Hollywood, Pasadena, Los Angeles, Long Beach, Burbank, Beverly Hills, San Bernardino, Redlands, Pomona, Ontario, Riverside and Santa Ana.

Attendance prizes to be awarded include the Peter Hanson trophy for the board having the best attendance record throughout the year; the California Real Estate magazine trophy for the board with the largest attendance in proportion to the distance traveled; the G. D. Robertson cup for the firm having the largest number of salesmen registered at the convention; and the Oakland Realtor Speakers' club trophy for the board with the largest delegation.

Legion Names 1930 Committees

SAN FRANCISCO, Sept. 28.—Appointment of chairmen of statewide committees and commissions of the California department of the American Legion has been announced by State Commander Clarence L. Kincaid of Hollywood. Included in the committee chairmen are: Americanization commission, B. W. Gearhar, Fresno; drum and bugle corps, F. Stanley Wood, San Marino; education and ritual committee, H. J. Caldwell, Ontario; legislative committee, Phil Solon, Oakland; distinguished guests' committee, E. "Snapper" Ingram, Los Angeles; membership committee, C. J. Turner, Los Angeles; California Veterans' \$20,000,000 bond act committee, Fred F. Bebergall, Oakland; Los Angeles 1930 national convention committee, Eugene M. Berger, Los Angeles.

El Cerrito Fire Department Dance Attracts Many

All attendance records were believed to have been broken at the annual dance of the El Cerrito Fire department held last night in East Shore Park. The dance was for the benefit of the fire department benefit association and was attended by more than 1000 persons.

Fire Chief Arthur Byrd and his assistants were lauded by the department for their work in arranging the event.

Chick Barry's orchestra provided the music for the dancing, featuring a number of new selections.

DR. GIBERSON TO ADDRESS C. E. MEET

Dr. W. W. Giberson, of Richmond, will be the speaker at the evening session of the county convention of Junior Christian Endeavor societies now being held at Walnut Creek.

Election of officers will be held today by the group, with installation to be held tonight at the close of the evening worship. The convocation will be brought to a close by musical selections, presented by the young people of the Stege Presbyterian church.

The annual banquet of the group was held last night with J. D. Keith, personnel manager of the C. & H. sugar refinery at Crockett acting as toastmaster. Rev. H. P. Shaw, pastor of the West Side Church of San Francisco was the speaker. His topic was "Cost of Doing His Will."

The delegation from the First Christian church of Richmond was honored at the opening session when the attendance prize was awarded to the group. The local church was represented by 27 delegates.

Northcutt Bags Deer In Modoc

L. W. Northcutt, 411 Thirtieth street and J. L. Woodcock returned from Modoc county early yesterday morning after a successful deer hunt. Each one of the hunters bagged a deer. They were in Modoc county for two weeks.

The Times understands invitations to France, Italy and Japan will be forwarded tomorrow.

Protect Your Furniture

A \$1.25 to Rid Your Home of Moths May Save You Hundreds of Dollars.

MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, fill them again.

PRICE \$1.25 PER BOTTLE

Barrett Avenue Auto Repair Shop Opened

The Barrett Avenue Auto Repair Shop, at the corner of Seventh and Barrett avenue, recently opened by H. B. Vanskike, is ready to do all kinds of auto work.

New and modern equipment has been installed, and Vanskike will save owner of autos money on their work.

The "Kwik-Way System" has been adopted by this new auto shop. It is the most scientific method that has been devised. Guesswork in the grinding and seating of valves is absolutely done away with. With the equipment for this class of work that has been installed it is possible to make a perfect job.

Prices are reasonable, and the work is guaranteed. Valve grinding jobs include refacing valves, trueing up seats and ends of valve stems, check ignition, clean spark plugs, clean carburetor and gas strainer.

It will pay you to visit this new place of business and get acquainted with Vanskike.

avenue is under the care of physicians at an Oakland hospital. The fire occurred Sept. 8.

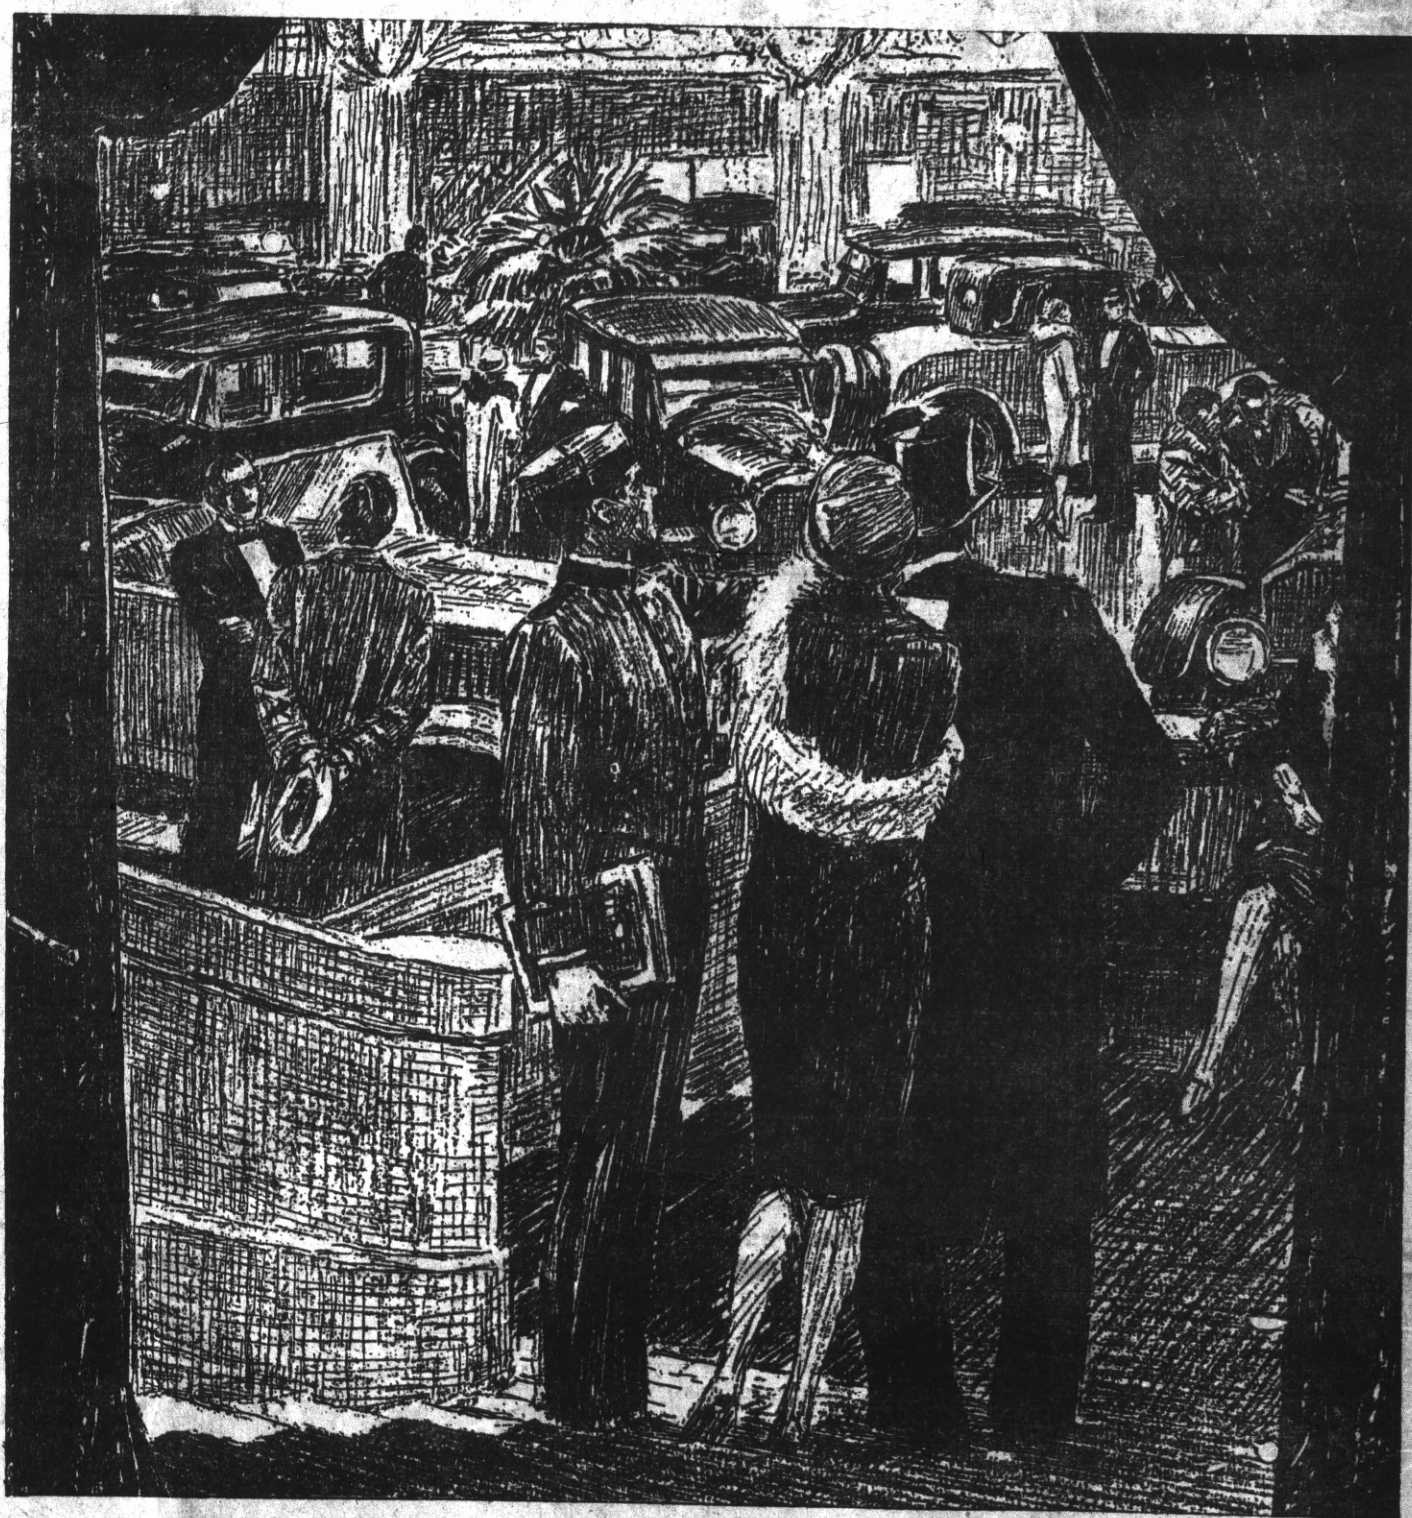

91ST DIVISION HOLDS REUNION

SAN FRANCISCO, Sept. 28.—"Powder River, Let 'er Buck," the battle cry of the famous 91st division, Pacific Coast division, which served in France, during the World War, resounded through the streets of Los Angeles Saturday, for the annual reunion of the fighting men who were trained for overseas service at Camp Lewis, Wash., according to notices sent to American Legion posts by State Adjutant James K. Flak of the Legion headquarters here.

Officials of the various Los Angeles American Legion posts will co-operate with the officers of the Ninety-first Division association in the promotion of the yearly get-together of the veterans.

William Menn, chairman of the reunion committee, arranged a pretentious program, which was staged in Patriotic hall, 1316 South Figueroa street. Frank R. Adler is the secretary of the Ninety-first division reunion committee.
